Say No to Ding Ding

It's a scam

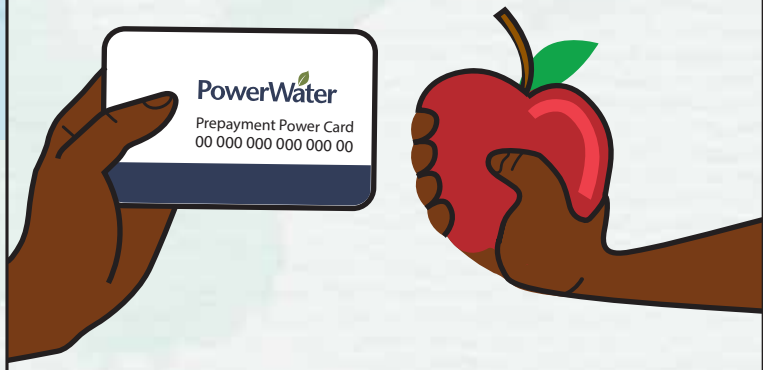
Online casinos or **“Ding Ding”** games are slot machine games you play on your phone. They are **illegal** in Australia.

Online casinos are made by **criminals overseas** trying to scam or steal your money.

How can you protect yourself?

DON’T send money by PayID or give your bank account and card details to online casinos

Buy food and power first



Put ding ding blockers on your phone
