Protect Yourself from online casino SCAMS

Ask yourself or your family:

1. **Does the game look like a pokie or slot machine but on your phone?**
   Games that look like slot machines on your phone are illegal. Every online casino game that looks like this is a scam to steal your money

2. **Does the game ask you to pay money by bank transfer or PAYID?**
   Every single game that uses PAYID is a scam

3. **Does the game tell you <u>not</u> to use certain words in the payment description?**
   Words like pokies, slots, casino, gambling? This is because they are hiding from the police

4. **Does the game allow you to withdraw your money?**
   Scam games often will not let you take your money out

5. **If you do win, do you get all your money that day?**
   Scam games often only send $100 but told you that you won $10,000 or more

6. **Does their website change regularly?**
   Does it go from Enjoy95 to Enjoy96? This is because they are hiding from the police

If you answered YES to any question you are playing a <u>SCAM GAME</u>

Stop playing and tell your bank you need <u>new bank and card details</u> immediately to stop scammers stealing more money
